

**Cosumnes Subbasin Working Group**  
**\*\*\*Monthly Updates – May 2021\*\*\***

Below are brief updates related to SGMA implementation in the Cosumnes Subbasin. To keep Working Group conversations focused on GSP development, we are not planning to cover all this material during the May 19, 2021, Working Group meeting. However, if there is a topic below that you believe merits discussion with the full Working Group, please let us know and we will do our best to work it into the agenda.

- **Public Workshop planning ongoing.** The Outreach and Engagement Committee continues to refine and publicize plans for the next round of public workshops to be held June 2 and 3, 2021. More details will be shared at the Working Group meeting.
- **Sacramento County Board of Supervisors.** Sacramento County Board of Supervisors held a Sustainable Groundwater Management Act workshop on May 4, 2021 (Item 41).
- **Tribal outreach.** Several GSA representatives are continuing efforts to strengthen outreach to tribal representatives. Specific updates will be shared at the Working Group meeting.
- **ESJ / South American updates.** No updates at this time.
- **Dept of Conservation SGMA Watershed Coordinator grant.** Stephen Julian has been hired as the new SGMA Watershed Coordinator within the Cosumnes Basin. Stephen's position is funded under a three-year grant from the Department of Conservation to the Southeast Sacramento County Agricultural Water Authority.
- **Grants.** The subbasin's 10<sup>th</sup> invoice to the Department of Water Resources is being finalized for likely submittal later this week.
- **Tracking Logs.** A reminder to GSAs to closely track all outreach efforts within your jurisdiction as this is a key requirement under SGMA. This includes SGMA-focused public meetings being led by your GSA, email updates out to constituents, survey efforts, etc. Please use the tracking log CBI distributed to all GSAs following the November 2020 Working Group meeting.
- **DWR Updates.** Please see the additional handout for updates from the Department of Water Resources.
