 Re: Stakeholder Assessment Candidate Interviewees

---

Below is a list of candidates for participation in stakeholder assessment interviews, based on input from GSAs and the Water Forum and covering all stakeholder categories (as outlined in SGMA regulations). CBI hopes to conduct in the range of 15-20 interviews, but the final number will be determined by the range of unique interests identified and available resources. A final list of interviewees will be confirmed in discussion with the Working Group on Sept. 19. Additionally, the Working Group may opt to augment its understanding of stakeholder perspectives with a survey disseminated more broadly.

This assessment, much like the one conducted last year with groundwater uses in the areas not then covered by a GSA, will be helpful in shaping an effective outreach strategy to ensure meaningful involvement by potentially impacted and interested stakeholders.

<b>Candidate Interviewees</b>	
<b>Category</b>	<b>Stakeholder</b>
General Public	<ul style="list-style-type: none"> <li>Theresa Zotow, Coordinator, Lake Camanche Village Neighborhood Watch – <i>via Amador</i></li> <li>Those who have signed up on the Cosumnes Subbasin website, or any GSAs website – <i>via Sac County/Clay ID</i></li> </ul>
