Total		210,275

Sources: 2015 DWR Sacramento County Land Use Survey, 2014 LandIQ Land Use

- 2015 DWR Sacramento Land Use Survey was used for the Sacramento County part of the basin; 2014 LandIQ Land Use was used for the Amador County part of the basin.
- Areas in Sacramento County where land use was not identified were specified using the LandIQ Land Use data and/or aerial photos.
- Areas in Amador County where land use was not identified were specified as native vegetation or water (Camanche Reservoir).
- Detail land use categories were aggregated into the categories shown in the table above.
