THIS AGREEMENT is made and entered into this _____ day of _____ 2021 pursuant to the Joint Exercise of Powers Act, California Government Code §§ 6500, et seq., by and between Galt Irrigation District (“Galt ID”), Omochochumne-Hartnell Water District (“OHWD”), Clay Water District (“Clay”), The City of Galt (“City”), Sloughhouse Resource Conservation District (“Sloughhouse RCD”) Amador County Groundwater Management Authority (“Amador”) and the Sacramento County Groundwater Sustainability Agency (“County”), each of which is a ~~“Party” to or a~~ “Member” of this Agreement. The terms ~~“Parties” or~~ “Members” shall also include any additional ~~Members~~ Parties that join this Agreement, but shall exclude any ~~Parties~~ Members that withdraw from this Agreement in accordance with its terms.

RECITALS

This Agreement is made with reference to the following facts:

- A. In 2014 the State Legislature adopted the Sustainable Groundwater Management Act (SGMA) which requires the sustainable management of groundwater in the State of California for groundwater basins of medium or high priority. SGMA allows local agencies to form Groundwater Sustainability Agencies (GSAs) to manage groundwater at the local level.
- B. The ~~Parties~~ Members to this Agreement are each exclusive GSAs in the San Joaquin Valley, Cosumnes Subbasin, Basin Number 5-2216, as identified in Department of Water Resources (DWR), Bulletin 118 (“Basin” or “Subbasin”), as depicted on Exhibit 1 to this Agreement.
- C. In 2018, the ~~Parties~~ Members each ratified the Cosumnes Subbasin SGMA Working Group Framework Agreement to Guide Near-Term Working Group Deliberations (“Framework Agreement”). The Framework Agreement is a voluntary agreement providing a decision-making structure for the ~~Parties~~ Members to use during the development of a single groundwater sustainability plan covering the entire Subbasin known as the “Cosumnes Subbasin GSP” or “GSP”.
- D. By way of the Framework Agreement, the ~~Parties~~ Members agreed to submit the Cosumnes Subbasin GSP to DWR no later than the SGMA deadline of January 31, 2022, at which time the ~~Parties~~ Members will begin implementation of the GSP; provided, that the governing boards of each ~~Party~~ Member shall have the right to approve the GSP, as described in the Framework Agreement.

E. The ~~Parties~~Members now desire to enter into this joint exercise of powers agreement establishing the Cosumnes Groundwater Authority as a joint powers authority in order to achieve the following goals:

1. Work collaboratively to comply with SGMA.
2. Create a unified voice to advocate and respond to legislative, regulatory and policy matters of importance to the Basin.
3. Develop a process for Members to discuss, prioritize and act on matters of priority and interest relating to management of the Basin.
4. Implement the GSP for the Basin that has been adopted by the governing bodies for the GSAs, and otherwise provide for and ensure the ongoing sustainability of the Basin.
5. Seek and secure grant or other funding to implement the GSP ~~and otherwise provide for and ensure the ongoing sustainability of the Basin.~~
6. Work collaboratively with the GSA's or other entities managing the adjoining South American and Eastern San Joaquin basins to achieve the goals of the Groundwater Sustainability Plan.

GENERAL PROVISIONS

Section 2.1 Incorporation of Recitals. The foregoing recitals are hereby incorporated herein by reference.

Section 2.2 Certification. Each signatory to this Agreement certifies and declares that it is a public agency (as defined in the JPA Act) that is authorized to be a party to a joint exercise of powers agreement and contract with each other for the joint exercise of any common power under the JPA Act and is an exclusive GSA under SGMA.

Section 2.3 Purpose. The Members agree to establish the Authority for the primary purpose of creating financial and other efficiencies beneficial for the Members, all of which will retain their individual GSA powers, to implement certain aspects of SGMA and the GSP, as defined over time by the Authority Board of Directors, on a collective basis. By this Agreement, the Member Agencies do not intend for the Authority to become a GSA for the Basin; rather, each of the Members intend to retain their GSA status over their respective Agency Managed Areas and to convey to the Authority only such power as is set forth in the Agreement. The Members also do not intend to provide the Authority with any power over the Water Assets of any Member except as may be specifically conveyed to the Authority by agreement of the affected Member. The Authority is intended to have the power to adopt, impose and collect fees and charges while the Member GSAs also retain and may independently exercise those same powers for SGMA-related purposes, including but not limited to funding of the Authority.

Section 2.4 Principles. The Members agree to the following principles:

- a. The Members intend to work together in a constructive manner to comply with SGMA and implement a GSP that respects local jurisdictions while focusing on a basin-wide approach.
- b. The Members recognize the value of all sectors and stakeholders in supporting a vibrant region and will work to foster dialogues on SGMA, groundwater, and related issues that acknowledge and build on this interdependence.
- c. All Members intend to work together to pursue funding for SGMA-related projects.

Commented [MS1]: Both Mike's to check with attorney's

Commented [SH2R1]: NEW LANGUAGE FROM OHWD ATTORNEY:

When we talk about what common powers the JPA shares among its members, the JPA Act requires the agreement to identify one of the parties to the Agreement as the default for restrictions on those powers—typically, you pick the member that has the most flexibility.

This comes into play on things like sending things out to bid: City of Galt, for example, will likely have more restrictive requirements on competitive bidding that OHWD would as a California Water District. So, when the JPA goes out to bid, we'd rely on the requirements that would ordinarily apply to OHWD.

For clarity, I'd suggest the following change (though it's not strictly necessary):

Section 3.6 Powers. In fulfillment of the stated goals and purposes, the Authority shall have and may exercise the common powers of its members as permitted by law, and as approved by the Board of Directors, from time to time in the manner hereinafter set forth. For clarity, OHWD shall be the member designated under Government Code 6509, related to restrictions on the exercise of shared powers, and any such restrictions shall be the same as those applicable to OHWD under the "California Water District Law," Water Code, sections 34000, et seq.

- a. To make and enter contracts within its authority to provide for the ongoing sustainability of the Basin.
- b. To employ such other persons as it deems necessary to accomplish its duties and powers. Any employee may be on a full-time, part-time or consulting basis, as the Board determines.
- c. To exercise jointly the common powers of its Members in studying, planning and implementing ways and means to provide reasonable and financially feasible projects, programs and cooperative operations activities for Members using agreed upon principles, provided that no project, program, or operation shall be carried out in any Agency Managed Area without the approval of the Member with GSA status over that area.
- d. To share information relating to the Basin with Members, DWR or other stakeholders as appropriate and as the Board determines.
- e. To investigate and advise its Members with respect to legislation and proposed legislation affecting the Basin and to make appearances on behalf of its Members regarding such matters.
- f. To act as a central point for the collection and dissemination of information involving the Basin and related matters. To act as Plan Manager for the GSP and point of contact to DWR for the basin.
- g. To cooperate, act in conjunction and contract with the United States, the State of California, or any agency thereof, counties, municipalities, public and private corporations of any kind (including, without limitation, investor-owned utilities), and persons, or any of them, for any and all purposes necessary or convenient for the full exercise of the powers of the Authority.
- h. To apply for, accept and receive licenses, permits, water rights, approvals, agreements, grants, loans, gifts, contributions, donations, or other aid from any agency of the United States of America, the State of California or other public or private person or entity necessary for the Authority's full exercise of its powers.
- i. To acquire and to hold and dispose of property as necessary to the full exercise of its powers, and, subject to the limitations set forth herein, to dispose of property and any other assets.
- j. Subject to the limitations set forth herein and by law, to incur debts, liabilities, or obligations, to issue bonds, notes, certificates of participation, guarantees, equipment leases, reimbursement obligations and other indebtedness. to pledge, mortgage, assign, encumber and hypothecate assets and revenues of the Authority, to assess Members, to impose and collect user fees and charges that are approved by the Members in whose Agency Managed Areas the fees and charges are imposed and collected, and to enter into leases, installment sales and installment purchase contracts all as hereinafter provided.
