

Cosumnes Working Group Meeting October 20, 2021

Meeting Brief

The October 20 Cosumnes Working Group (WG) focused on the final review/revisions to draft governance documents, progress and planning for reviewing comments on the Cosumnes Subbasin Draft Groundwater Sustainability Plan (GSP), and incorporating revisions in preparation to finalize the GSP.

Items discussed at the Working Group meeting included:

Cosumnes Long-Term Governance and Implementation

- Final review and revisions to draft governance documents
- Consider GSA coordination needs at individual GSA board hearings

GSP Preparation and Submission

- Comments received to date on the draft GSP
- Timeline/process to continue discussion of GSP comments

Other Items

- Simulation of projected change in groundwater as a result of P/MAs
- Current/upcoming projects updates
- Approach for Year One Annual Report
- Next Working Group Meeting – November 4, 2021

GSP-Related Decisions

- The Working Group recommended sharing JPA with respective governing boards to consider formal adoption of the JPA.
- WG recommended sharing JPA with respective governing boards to consider formal adoption of the Initial Funding Agreement.
